EXECUTIVE SUMMARY

AI/ML-powered industrial leader driving plant-floor reliability, compliance, and modernization. Interim Maintenance Manager (June 2025) at Mauser Packaging Solutions (Bryan, TX), leading a full plant turnaround commissioning machine lines, relocating departments, upgrading facilities, cross-departmental training, eMaint CMMS deployment, predictive maintenance, retrofits, across city wastewater/EHS remediation, budget/AFE control, and SOP/RCA governance. Combining a decade of automation & maintenance leadership with formal UT Austin AI/ML trained to deliver data-driven uptime, OEE gains, and safer, compliant operations.

CORE LEADERSHIP & TECHNICAL STRENGTHS

- **Strategic Ops & Reliability:** Turnaround leadership • Budget/AFE & PO spend • RCA/CAPA • SOP governance • KPI dashboards • PdM and critical spares discipline
 - **Automation & Controls:** Allen-Bradley ControlLogix/GuardLogix • Wonderware/AVEVA SCADA/HMI • Robotics/AGV/AMR • Instrumentation • VFDs • Ethernet/IP
 - **Data & AI/ML:** Python (Pandas/NumPy/scikit-learn) • Jupyter/Colab • OEE analytics • Model calibration • PyTorch/TensorRT environments
 - **Compliance & Safety:** City/EHS remediation • OSHA/Hot-Work/LOTO training • Incident reduction • Policy rollout
 - **Change Leadership:** Cross-functional cadence • Vendor/contractor management • Training & coaching • Continuous improvement culture
-

PROFESSIONAL EXPERIENCE

Mauser Packaging Solutions — Bryan, TX

Interim Maintenance Manager | Jun 2025 – Present

Maintenance Supervisor (2024–2025) | Automation Engineer (2023–2024)

- Leading city wastewater and EHS remediation program; stabilizing discharge and preventing reoccurrences.
- Executing full plant turnaround; instituting PdM stack (vibration, oil analysis, thermography) and eMaint CMMS implementation.
- Managing capital investment facility portfolio: injection lines, chillers, oil-water separator, HVAC loops, and machine/automation retrofits.
- Building a standardized SOP library and RCA discipline; training cross-departmental staff; optimized Critical Spares Room.

Hill's Pet Nutrition — Tonganoxie, KS

Automation & Controls Specialist | 2023

- Startup team for Hill's first S.M.A.R.T. Factory – executed FAT/sFAT, I/O commissioning, and PLC/HMI integration.
- Optimized Wonderware/AVEVA HMIs, AMR fleets, and vision systems; ensured 24/7 uptime.

Berry Global Inc. — Lawrence, KS

Automation & Machine Maintenance Group Lead (2022–2023) | Industrial Automation Specialist III (2019–2022)

- Managed automation team & budget; reduced compressed-air waste >25% (> \$250K annual savings).
- Installed and rebuilt IML/injection machinery (Husky, Engel, BMB, Netstal); implemented RCA and training systems.

Reser's Fine Foods — Topeka, KS

Industrial Maintenance Technician II (Intern) | 2018–2019

Hands-on PM and troubleshooting for mixers, conveyors, ovens, packaging, boilers, and cooling spirals.

Delta Designs Ltd. — Topeka, KS

Welding Fabricator | 2016–2017

Built museum-grade storage systems (KU, Smithsonian, Perot); hermetic case integrity and precision gasketing from blueprint to QA.

EDUCATION & CONTINUED LEARNING

Post-Graduate Program in AI & ML: Business Applications (Expected Apr 2026) — UT Austin, McCombs School of Business (Great Learning)

Mentor-led program covering Python, ML/DL, Computer Vision, NLP & Generative AI (incl. RAG).

A.S., Industrial Sciences – Advanced Systems Technology (May 2025) — Washburn University · GPA 3.6

Certificates: Building Automation (2019) • Advanced Systems Technology (2018) • Welding (2015)

CERTIFICATIONS

Front Line Leadership (2025) • Python Foundations (2025) • Food Safety (2023) • Stop the Bleed (2025) • R-410A Safety (2019) • Electrical Troubleshooting (2022) • Cisco Networking (2025) • SQL Programming (2023) • PLC Ladder Logic (2023)

HONORS & RECOGNITION

Mortar Board (2025) • Alpha Alpha Alpha (Tri-Alpha) (2025) • Dean's Honor Roll (2023–2024) • National Technical Honor Society (2018)

TECHNICAL TOOLSET

Management / Reliability / Compliance: Budget Allocation • AFE Justifications • Vendor Management • OSHA Compliance / Training • Turnaround Coordination • CMMS (eMaint) • RCA / CAPA / PdM • Leadership Development / Supervision / Morale

Industrial Systems / Controls: Allen-Bradley ControlLogix / GuardLogix / CompactLogix • FactoryIO • Wonderware / AVEVA SCADA Platforms • Siemens / Omron Exposure • PLC Programming & Sequencer Blocks • VFDs • DeviceNet / EtherNet/IP / Modbus • Robotics (CBW, Islemann, Pages, Yudo, ABB / Competella / Fanuc / AMR/AGV) • Instrumentation / Sensors / Vision QA • RSLogix / Studio 5000 • Pneumatics / Hydraulics / Safety Circuits / NEC / NFPA / LOTO

AI / ML / Infrastructure: Python • Pandas • NumPy • scikit-learn • PyTorch (CUDA 12.9) • TensorRT • XGBoost • CatBoost • Statsmodels • Matplotlib • Seaborn • Plotly • Jupyter / Colab • Anaconda / WSL2 / Ubuntu 24.04 • VS Code / PyCharm Pro • Git / GitHub • RTX

5090 GPU (Blackwell) • CUDA / cuDNN / TensorRT Optimization • vLLM / KoboldCPP / ComfyUI • Docker • Secure ModelOps • API Integrations / JSON / CSV / ETL Pipelines
